EIGHT PAGES TODAY

## PARADES AND DISPLAY OF WAR RELICS TO FEATURE OBSERVANCE

Plans Are Outlined for Celebration  
of Armistice Day at Court  
House Meeting

NEW COMMITTEES ARE NAMED

Service Flag Parade, Including War  
Mothers and School Children,  
In the Afternoon

SPARKLER PARADE 7:30 P. M.

Addresses in Afternoon and Danc-  
ing in Streets at Night—Relics  
Exhibit by Townships

An elaborate celebration of Ar-  
mistice day two weeks from today,  
November 11, which will include a  
service flag parade in the afternoon  
and a sparkler parade at night, to-  
gether with an address in the after-  
noon, a dance on the streets, at  
night, a display of relics of the  
war and other features, was  
agreed upon at a meeting in the  
court house last night, and addi-  
tional committees were appointed to  
complete detailed arrangements.  
All of the committees which have  
been named will meet at the same  
place next Monday evening to re-  
port on the progress which has been  
made, to gather up the loose ends of  
the arrangements and make final  
plans for the day.

The meeting decided that a dis-  
play of war relics by townships  
could be the best arrangement be-  
cause the spirit of competition will  
be aroused among the townships. A  
committee was appointed to select  
store windows in which the vari-  
ous relics will be exhibited, several  
others together being devoted to  
each township.

An attempt will be made, by inter-  
viewing all of the township trustees  
to have the schools of the county  
dismissed on that day so that the  
children may take part in the ser-  
vice flag parade and the singing of  
patriotic airs.

An effort will also be made to  
have the Rushville factories close,  
at least during the afternoon, so  
that factory workers may march  
with the organizations to which they  
belong, displaying service flags.

Following the parade in the af-  
ternoon there will be an address on  
the court house lawn by a promi-  
nent

## SENATE FOLLOWS SUIT OVERRIDING THE VETO

65 to 25 to Pass Prohibition  
Enforcement Act After House  
Has Acted Similarly

HOUSE VOTE IS 176 TO 55

(By United Press.)

Washington, Oct. 28.—The nation-  
al prohibition enforcement bill pro-  
viding strict laws for both war time  
and constitutional prohibition be-  
came a law this afternoon when the  
senate by a vote of 65 to 25 over-  
rode the veto of President Wilson.  
A similar action was taken by the  
house late yesterday, the vote being  
333 to 55. The bill becomes effective  
immediately. The effort to get a  
ready vote first encountered opposi-  
tion when the matter was brought  
up by Sen. Sterling of South Dakota  
last week.

Shortly before the senate discus-  
sion it was made known at the White  
house that President Wilson will not  
sign the ban on war time prohibition  
until the ratification of the peace  
treaty.

The enforcement act under discus-  
sion in the senate applies both to  
war time and constitutional prohibi-  
tion.

### Armistice Day Features

Service flag parade, at 2 p.  
m., also to include war mothers  
and school children.

Sparkler parade at 7:30 p.  
m., in which all lodges are in-  
vited to join.

Addresses in afternoon fol-  
lowing parade.

Dancing in street at night af-  
ter parade.

Music by bands and jazz or-  
chestras.

Display of relics of late war  
by townships.

Entertainment features yet to  
be announced.

ent military man, if one can be ob-  
tained, and a Red Cross worker,  
since Armistice Day will be the clos-  
ing day of the Roll Call campaign.  
All war mothers of the county will  
be invited to ride in the service flag  
parade, and the machines which will  
be provided for them from the vari-  
ous townships, will be the only ones  
permitted in the parade. The ques-  
tion of the war mothers being rep-  
resented in the parade will be taken  
up at the meeting of the organiza-  
tion Wednesday afternoon, when  
they will be asked to sanction the  
plan.

A committee of ex-service men  
was named and will be asked to hold  
an early meeting to make plans to  
interest former soldiers, in whose  
honor the celebration will be held.  
It will be left to this committee  
whether the men who served in the  
late war shall be invited to march or  
to wear a distinctive badge during  
the day.

Another committee was made re-  
sponsible for the day.

## SEVENTEEN KILLED IN LAKE ACCIDENT

Steamer "City of Muskegon" Is  
Smashed Against Pier During  
Lake Michigan Storm

MANY LEAP TO THE PIER

Accident Happens When Steamer  
Tries to Nose Into Narrow  
Passage Early Today

(By United Press.)

Muskegon, Michigan, Oct. 28.—  
Seventeen persons were killed early  
today when a raging Lake Michigan  
storm smashed the steamer, "City  
of Muskegon," against the pier.  
Others of the passenger list and  
crew escaped by leaping to the slip-  
pery wave-swept surface of the  
pier.

It was pitch dark and a sixty-  
mile wind churned the lake into a  
boiling yellow fury when the City  
of Muskegon attempted to nose into  
the narrow passage between two  
mile-long piers. At the entrance a  
huge wave rocked the boat and then  
hurled it to the south pier with sides  
splintered.

From below came rushing passen-  
gers and members of the crew off  
watch.

The boat was trembling fairly  
atop the pier. Captain Edward Mil-  
ler ordered all on deck. Men and  
women jumped over the sides of the  
ship. Most of them were in their  
night clothes over which they had  
thrown some outer garments.

Twenty minutes after the boat  
struck the pier another wave rolled  
over the vessel and only parts of it  
could be seen protruding out of the  
water.

It was the coldest morning of the  
fall and all the survivors hurried  
away at once.

## ANOTHER LEVY IS RAISED

Ripley's Tuition Tax Increased 8  
Cents, Making Total Rate \$1.03

One more change in a local tax  
levy for 1920 has been made by the  
state board of tax commissioners,  
according to word which has been  
received at the county auditor's of-  
fice. Ripley townships tuition tax  
was raised from nine cents, at which  
it was originally fixed by the state  
board, to 17 cents. This increase  
of eight cents raises Ripley town-  
ship's levy for next year to \$1.03.  
Increases have previously been made  
in the tuition levies for Rushville  
and Walker townships.

## VERDICT IN SIPE CASE WITHHELD

Local Relatives Confident Former  
Rush County Man Made Honest  
Effort to Answer Call

TALKED WITH THE GOVERNOR

Goodrich Suggested That He Send a  
Substitute, Mr. Sipe Says—  
Statement by Former Partner

The verdict in the court martial  
case of Richard V. Sipe of Indiana-  
polis, clerk of the Marion county  
circuit court, who was subjected to  
martial law for failing to report for  
strike duty with the state militia  
has never been made public, but in  
view of all the circumstances sur-  
rounding the case, local relatives  
and others acquainted with Mr. Sipe  
are confident that he made an hon-  
est effort to respond to the call  
promptly.

It is pointed out that Mr. Sipe  
was not allowed to plead guilty to  
certain of the charges and forfeit  
twice the amount of pay he would  
have received for the time he was  
absent.

When this was refused Sipe made  
a statement in which he said he had  
conferred with Gov. Goodrich re-  
garding reporting. He said the gov-  
ernor suggested that he send a sub-  
stitute. He attempted to do this,  
calling Gen. Harry E. Smith on the  
long distance telephone. Gen. Smith  
was not in his office but Col. Char-  
les A. Garrard answered and told  
him that a substitute could not be  
accepted to report.

Sipe said he did not report be-  
cause he believed he was required  
to but because he believed it was  
his duty. He said he was still  
convinced he was not compelled to  
report.

In his statement Sipe said that he  
felt he could not report because the  
bookkeeper, who besides himself,  
was the only person who knew the  
combination of his safe, was ill and  
a newly appointed chief deputy, to  
whom he had not yet turned over his  
office, also was ill. He told the court  
he was under oath and \$100,000  
bond to administer the affairs of his  
office. His oath of enlistment ante-  
dates his oath of office.

William R. Forney of Indianapolis  
former law partner of Mr. Sipe gave  
out a statement to the Indianapolis  
newspapers, in which he speaks in  
part as follows of Mr. Sipe's in-  
tegrity:

Any one who knows Richard V.  
Sipe at all knows he never did a  
dishonest or underhanded or cow-  
ardly thing in his life. He served  
three years in the Indiana national  
guard, and joined the present orga-  
nization, like the rest of the members,  
purely from patriotic motives when  
the old Indiana national guard had  
been called into service in the war  
with Germany.

His position in the matter is now,  
and has been all the time, that he  
was elected by the people of Marion  
county to perform a public duty, and  
he took oath that such duty he  
would perform.

## PLEADS GUILTY TO STEALING OIL

Victor Ellerman Admits Taking 20  
Gallons, Valued at \$60, From W.  
J. Knecht, Jr.

FOUND ON HIS PREMISES

Judge Sparks Investigates the Case  
Before Pronouncing Sentence—  
Ellerman in Jail.

Victor Ellerman, a painter by  
trade, living near Five Points, in  
Posey township, was arrested late  
yesterday afternoon by Sheriff  
Jones on a bench warrant from the  
circuit court, the charges being  
grand larceny for the alleged theft  
of some linseed oil, and when ar-  
raigned before Judge Sparks, en-  
tered a plea of guilty. The sentence  
was withheld as Judge Sparks  
wished to investigate the matter  
more thoroughly before pronouncing  
a sentence.

Ellerman is in jail, because of  
failure to give the \$750 bond, as  
fixed by Judge Sparks.

Yesterday morning William J.  
Knecht Jr., living north of Rush-  
ville, secured a search warrant from  
Squire Stech, for the purpose of  
trying to locate the stolen oil. Con-  
stable John Wolter from the square's  
court went with Knecht, and located  
the oil on the premises of Ellerman.

Ellerman, who is a painter, had  
just finished a job for Knecht and it  
is charged he stole 20 gallons of lin-  
seed oil which was in the barn, when  
he moved his tools. Knecht became  
suspicious and lost no time in get-  
ting to Rushville for the proper  
warrant. The oil was valued at  
\$60.

According to the story, Knecht  
was willing to drop the charge of  
larceny, but some trouble arose  
between the two parties, and a bench  
warrant for his arrest was issued.  
When arraigned, he entered a plea  
of guilty. It is understood that El-  
lerman has a family dependent upon  
him for a living.

## WELL KNOWN LUMBER BUYER DIES MONDAY

Ed Perkins, Age 50 Years, Expires  
at Dr. Sexton's Hospital—Op-  
erated on Week Ago

FUNERAL WEDNESDAY 2 P. M.

William Eddie Perkins, well known  
lumber buyer for the Reynolds Man-  
ufacturing Company of this city, ex-  
pired last night about seven o'clock  
at Dr. Sexton's hospital, death be-  
ing caused from an operation for  
appendicitis which he underwent a  
week ago today. He was apparently  
getting along very well, but took a  
sudden change yesterday.

He was better known as Ed Per-  
kins and was better known as Ed Per-  
kins. He was 50 years old, and  
lived about three miles south of  
Rushville on the New Salem pike.  
For a number of years he had  
been employed by the Reynolds  
Manufacturing Company, and was  
recognized as a very capable lum-  
ber buyer.

Besides his wife, he is survived  
by five children, Ruby Downing,  
Lavone Reed, Cora Browning, Earl  
and Elmer all of this county; also  
his mother, Mrs. Sarah Perkins; one  
sister, Mrs. J. F. Fore, and three  
brothers, Charles, Jake and James  
Perkins. The deceased was a mem-  
ber of the local order of Knights of  
Pythias.

The funeral services will be con-  
ducted at the late residence, south  
of Rushville, at two o'clock Wed-  
nesday afternoon and burial will  
take place in East Hill cemetery.

## BRIDEGRROOM NOT GUILTY

John Reardon Says Police Made  
Affidavit Against Wrong Person

John Reardon stated today that  
it was not his son-in-law, Howard  
Kehl, that was arrested for speeding  
night before last on Main street,  
but that it was his brother, Joe  
Kehl, and that the police had made  
the affidavit out wrong. Mr. Rear-  
don stated also that he could pro-  
duce witnesses who would testify  
that Policeman Lemons did not see  
the machine, but was told about it  
by someone later. The affidavit and  
fine was paid by Howard Kehl ac-  
cording to the records in police  
court.

## FORCED TO PAY \$2 TO GET CAR BACK

Jess C. Fisher Says He Was Com-  
pelled to "Tip" Police to Re-  
cover His Automobile

MAKES A SWORN STATEMENT

Declares Mayor Said He Could not  
Have it Until He Paid—  
Mayor's Side of Story

Jess (Judge) Fisher, son of A. C.  
Fisher of near Falmouth, harbors a  
grudge against Mayor A. B. Irvin  
and the police force because he was  
required to pay the police \$2, in ad-  
dition to \$2 garage bill, when they  
got his machine, which he left stand-  
ing at the side of the street in East  
Eleventh, early last Wednesday  
morning, because it would not run.

When asked about the story  
which Fisher told, the mayor said  
this morning that he did not force  
Fisher to pay the police \$2 for going  
after his machine, but admitted that  
Chief of Police Wilford did receive  
\$2 from Fisher before he got his  
car.

According to a sworn statement  
by Fisher, the mayor told him last  
Wednesday afternoon that he would  
not be allowed to take his car, and  
that he would not even be informed  
in what garage it had been placed,  
until he paid Police Chief Wilford  
\$2.

The mayor denied this specifically,  
asserting that the statement was  
made out of "whole cloth", and fur-  
thermore declared that Fisher knew  
where his car was before he paid  
the chief the \$2 for "recovering"  
his machine.

Fisher's position is that the police  
should not have touched the automo-  
bile because he had pushed it to the  
side of the road, lighted the tail  
light, turned the seats upside down  
and taken off the fan belt. He says  
that he came back to Rushville next  
morning as soon as he could to get  
the car, intending to take it to a  
garage for repairs. He thought it  
was out of oil and did not want to  
drive it home early Wednesday  
morning because he was afraid he  
would burn out a bearing.

Fisher says that he would not ob-  
ject to paying the garage bill, even  
though he believes the police should  
have left the car alone, but he did  
not think he should make a "com-  
pulsory tip" to the police for inter-  
fering.

The attitude of the mayor and po-  
lice is that it was their duty to go  
after the car when notified that it  
had been abandoned, on the theory  
that it was a stolen machine. But  
Fisher believes that it is a part of  
the police to protect public property,  
if they find it, and that it should not  
be necessary to pay them for the  
service rendered.

Fisher says that he might have  
been able to get a garage man to  
come after his car at 3:30 a. m.,  
but that it is doubtful, and that he  
did not want to arouse a man at  
that hour.

Fisher said today that the gar-  
age man would be called.

## \$5,000 DAMAGE SUIT IS STARTED

Case of Edward F. Sulkey Against  
Walker D. Hines, Outgrowth of  
Accident Sept. 28, '18.

HIT BY C. I. & W. FREIGHT

Plaintiff Alleges Negligence on Part  
of Railroad—Suit Filed in  
1913 is Ended.

The case of Sulkey against the  
C. I. W. railroad was being tried in  
circuit court today, and it was  
thought that the trial would not be  
finished today. The jury was used  
in the case, and Edward F. Sulkey  
of Newcastle, is asking damages  
from Walker D. Hines, as director  
general of the railroads, in the sum  
of \$5,000, alleging that he received  
injuries at the Main street crossing  
in this city early in the morning of  
September 26, 1918.

It will be recalled that Sulkey, in  
company with another person was  
going south in Main street, when  
their truck was struck by an east-  
bound freight, about two o'clock in  
the morning on that date.

Sulkey alleges negligence on the  
part of the railroad, stating that  
the train did not make any noise as  
it approached the crossing. The  
truck contained two cows. He al-  
leges that the train also violated the  
city ordinance by exceeding the  
speed limit.

In asking for damages, he says  
that he was thrown from the truck  
and received a broken right cheek  
bone, a badly bruised head and other  
injuries which have caused him  
much pain, especially in his right  
shoulder.

The case got a late start this  
morning. The train crew was here,  
and was used as witnesses for the  
railroad company, and only two  
witnesses were used by the plaintiff,  
they being Mr. Sulkey and the other  
person who was riding on the truck  
at the time of the accident.

Mrs. D. D. Dragoo has been ap-  
pointed as court stenographer by  
Judge Sparks, succeeding Miss  
Frances Frazee, who has resigned.  
Mrs. Dragoo is an experienced  
typist, having held this position be-  
fore. She began her new duties  
today.

Violet Keys, who was held in jail  
on a grand jury indictment, charged

## TOWNSHIP FARMERS MEET THURSDAY NIGHT

Rushville Branch Called to Elect  
Additional Officers and Pass  
on By-Laws

UNION TWP. MEETING TONIGHT

The Rush County Farmer's Assoc-  
iation, Rushville township division,  
will hold a meeting here Thursday  
night for the purpose of completing  
the township organization, by the  
election of additional officers, and  
by adopting the constitution and by-  
laws for the township. Will L.  
Brown, township chairman, especial-  
ly requests all members of the town-  
ship branch to be present, and ex-  
tends an invitation to any farmer  
in the township who is not now a  
member, and wishes to learn more  
about the federation, to attend.

The meeting will be held in the as-  
sembly room of the court house, and  
will be called to order promptly at  
seven o'clock, on account of the  
change in time. A similar meeting  
will be held tonight for the Union  
township branch, at the Gings  
school with C. F. Patterson deliver-  
ing the principal address tonight.  
Mr. Brown stated that a good speak-  
er would be obtained for the meeting  
here on Thursday night.

## BROOD SOWS

*Their feeding  
What it means to the pigs*

Brood sows were fed the following rations by the Iowa Experiment Station during gestation period. Note results in weight of pigs, strength and hair—all important factors, especially with fall litters.

	Average Weight	Strong At Birth	Heavy Coats
Corn Alone	1.74 lbs.	68%	53%
Corn and Tankage	2.01 lbs.	92%	82%
Corn and Alfalfa	2.29	89%	

Oil Meal made an 88% heavy coat when added to corn.

FAT BACK contains all these good feeding stuffs, and then some, in proportions right.

You can't beat FAT BACK for Quality and Price.  
ORDER TODAY

Fat Back Hog Feed \$60.00 per Ton.

Parades and Display of War  
Relics to Feature Observance

Continued from Page One  
sponsible for music and other attractions. A band will be employed for the parades, and a jazz orchestra of eight or ten pieces, with cabaret singers will also be engaged for the dance at night. The committee will also try to get a stunt aviator and other attractions for the day.

The head of each lodge in the city was appointed on the committee to interest lodges in the night parade. Sparklers will be provided by the committee appointed for this purpose.

The township chairman who have already been named, will be invited, in letters which will be mailed in a few days, to cooperate with the township trustees in all matters relating to the day. They will be asked to interest themselves in making the display of war relics as large as possible by collecting all that they can in their respective townships, or making a personal request of people owning relics, to take them to the stores designated for their township display. The township chairmen will also be asked to interest the war mothers of their townships, regardless of whether they belong to the county organization, to participate in the service flag parade. It will also be the duty of the chairman, to invite every organization in their respective townships having a service flag, to have it in the afternoon parade.

The publicity and advertising committee, appointed at the preliminary

## WHEN RHEUMATIC PAINS HIT HARD

Have Sloan's Liniment ready for those sudden rheumatic twinges

DON'T let that rheumatic pain or ache find you without Sloan's Liniment again. Keep it handy in the medicine cabinet for immediate action when needed. If you are out of it now, get another bottle today, so you won't suffer any longer than necessary when a pain or ache attacks you. Apply it without rubbing—for it penetrates—giving prompt relief of sciatica, lumbago, neuralgia, lameness, soreness, sprains, strains, bruises. Be prepared—keep it handy.  
All druggists—35c., 70c., \$1.40.

## ROYAL PAIR WELCOMED IN WASHINGTON TODAY

Washington, Oct. 28.—The White House received the first European monarch today when King Albert and the queen of Belgium called to pay respect to President and Mrs. Wilson. Their call was informal and lasted twenty minutes.

During the Belgian rulers call at the White House Dr. Grayson was in consultation with two other doctors and was unable to see the king. Mrs. Wilson greeted the king and queen at the door.

The American congress later this afternoon welcomed King Albert. The senate and house halted their proceedings and heard the Belgian leader. He urged in his slow speech a tightening of the hand between his country and the United States through interchanging of ideas and commercial relations.

During the night, Friday night, was made to do double duty by being made also a committee on decorations. The request is made that all business houses, factories, public buildings and homes be appropriately decorated.

The new committees selected were as follows:

Speakers: John A. Tinsworth and Ernest B. Thomas.

Service flag parade—W. A. Alexander, grand marshal, who will select his own assistants. The parade will start at 2 o'clock and the line of march will be announced later.

Sparkler parade—Walter Easley, John J. McKee of New Salem, Fred Bell of Union township and R. H. Jones of this city. The parade will start at 7:30 o'clock and the line of march will be announced later.

Schools: C. M. George, county superintendent, was appointed chairman, to take up with the trustees at the regular monthly meeting of the board of education, the question of dismissing the schools and arranging for the children to take part in the service flag parade.

War relics—Link Giffin, H. S. Havens and Bert Osborn. The committee will designate the stores where the township displays are to be made and will announce them soon. It is desired that the name of the owner on each relic together with any bit of history in connection with it, be attached.

Soldiers' committee—Perry Onged, Tom Saunders, Jerome Caron, Posey Denning, Will Brann, Bob Humes, Scott Buell, Mike McCoy, Lowell M. Green, Frank H. Green and Guy Newman.

## 22 COMPANIES LEAVE.

Indianapolis, Ind., Oct. 28.—Two companies of Indiana militia left the strike zone in the Cabinet district today and three others will leave tomorrow. Governor Goodrich announced today. The two companies leaving today are from Shelbyville and Artien, and those scheduled to leave tomorrow are from Goshen, Fort Wayne and Bloomington.

## WORK IN TWO DEGREES

Rush chapter No. 24, R. A. M., will have work in the P. M. and E. M. degrees Wednesday evening at 7:30 o'clock. Companies are urged to attend.

## THE MOTHER

### OF INVENTION IS NECESSITY

Now is the time to buy manure spreaders. If my friends will look over my stock they will become convinced that I am practicing what I preach, "Buy Now." My liberal stock proves my position. If you will investigate the RUSHVILLE SPECIAL Spreader you will understand how every machine is helping to sell more of them.

You can't afford to wait for improvements, because this spreader is years ahead of anything else right now, and it is your misfortune if you fail to get the benefit of this spreader this year. Prices are not going to drop, and it is hard to make the RUSHVILLE SPECIAL Spreader any better. No argument for delay.

The conveyor cannot clog or slip under the load. Notice from the cut the swinging sections how they empty and clean themselves. Nothing can lodge on the lower conveyor. It goes straight through to the ground.

If you will come to the store and look inside of this box you will find every section is raised slightly above the one ahead of it, forming a SAW-TOOTH grip that moves the load. This is our FORCE-FEED. Fifteen years from now, after the Litchfield Patents have expired, every other kind of conveyor will be a thing of the past.

What other spreaders will be fifteen years from now, the RUSHVILLE SPECIAL Spreader really is TODAY. Fifteen years from now all spreaders will be using the Bull-Dog Cylinder, the No-Choke Box—and a lot of our other exclusive features. I will tell you about these later. OUR SPREADER IS GUARANTEED FOR FIVE YEARS.

They Eat As The System Requires  
Prevents 90 Per Cent of Diseases.

HOGS SURELY PAY when fed and handled by the man who is "on to all of the fine points of the game." The Daily News of Chicago, Illinois, under date of Dec. 16, 1914, states: "The value of the hogs that died in 1914 is estimated at \$66,000,000." It would seem, wouldn't it, to you and to me, that there were a lot of breeders of hogs not on to the "fine points of the game?" There is a reason for these millions of dollars worth of hogs dying each year, and while there is a part of it due to the genuine hog cholera, the greater part 75% to 90% of these losses starts with and is caused by worms and indigestion, which can be prevented.

It is claimed on good authority that pigs are born with worms. They all say "pigs get worms very young." And you can not prevent worms with any kind of grain ration; they require something more; they require the roots, seed, barks and worm expeller of which ACME WORM BOUNCER is composed if you expect them to make the most of your high priced feed.

**ACCUSED OF ASSAULT ON MOTHER-IN-LAW**

Ed Bowen of This City is Released on \$500 Bond at Shelbyville After Arrest

Ed Bowen of this city, who was arrested here Saturday afternoon by Shelby county officials on a charge of assault and battery, alleged to have happened in Washington township, Shelby county, on his mother-in-law, Mrs. Eli House, was to be given a hearing this afternoon in police court at Shelbyville. Bowen was released Saturday on a \$500 bond, which was provided by a prominent business man of Shelbyville.

The Shelbyville paper in giving an account of the affair said: "It is said that some time ago Mr. Bowen's wife went to the home of her mother because of some family trouble and Bowen became angry and went to the House home in Washington township, where he took it upon himself to thrash the entire family. He is said to have pushed and struck the mother of his wife when she attempted to keep him from taking Mrs. Bowen from the home. He is also said to have beaten a sister-in-law."

get the car. I saw the mayor and went through the same process of identifying the machine. He told me I would have to pay the garage bill and tip the police before I could get it. I told him I would pay the garage bill, if he would tell me where to get the car, but that I did not like to pay the police because I thought they should have left the car alone until I could get it. The mayor would not tell me where the machine was and said he would not tell me and would not let me have it until I paid the police \$2. I had to be identified to the mayor by Hugh Jones. I finally paid the \$4, of which \$2 went to Chief of Police Wilfong and Policeman Lemons.

Floor Finishing

Floors, no matter of what wood, when properly finished with the right material, will last longer and become more attractive with age, as the finish preserves the natural beauty of the wood, and closes all crevices where dirt may lodge, thus making the floors beautiful, easy to keep clean and sanitary.

Elastica Floor Finish

The One Perfect Floor Varnish

Elastica Floor Finish is made especially to withstand the hard wear and frequent washing to which floors are subjected. It combines quick and hard drying properties without sacrificing elasticity or durability in any degree. It dries free from dust in from four to six hours and sufficiently hard over night to be walked on and may be rubbed with pumice stone and oil to produce an eggshell finish.

ELASTICA FLOOR FINISH may be used on floors of all kinds—new or old, natural wood, painted, grained or stained surfaces also over linoleum or oilcloth. Water will not affect this varnish; it does not scratch white or spot and while the wood may become dented, the finish remains intact.

ELASTICA FLOOR FINISH may be subjected to any test of wear and tear that floors receive.

ELASTICA FLOOR FINISH is approved by architects, endorsed by decorators, and greatly appreciated by home owners who recognize the economy and satisfaction of having perfect and durable floors.

Pinnell & Tompkins Lumber Co.

"Our Sugar Spree"

The assertion that the United States has gone on a "sugar spree" since the advent of prohibition lends interest to a series of compilations by The National City Bank of New York which compare our sugar consumption in 1919 with that of previous years. They show that the quantity of sugar consumed in the United States in the fiscal year ending with June 1919 was greater than in any year in the history of the country and the sums paid for it double those in the year preceding the war.

The quantity of sugar consumed by our people, says the bank's statement, aggregated nearly 9,000,000,000 pounds in the fiscal year 1919 against about 8,000,000,000 last year, 8,500,000,000 pounds in the year prior to the war, a little over 7,500,000,000 pounds in 1910, 6,000,000,000 in 1905, 5,000,000,000 in 1902, and 4,500,000,000 in 1900, all of these being, of course, in very round terms. Thus the 1919 consumption is about double that of 1900, although the population meantime has increased only 33 per cent. The average per capita consumption in 1919 was 83 pounds against 77 pounds per capita in 1918, 78 in 1916, 59 in 1900, 50 in 1890, 40 in 1880, and 33 pounds per capita in 1870. In fact our 100,000,000 people, although forming about 6 per cent of the world's population, consumed last year nearly 25 per cent of the world's sugar production.

The sums paid for sugar by our people in 1919 were far in excess of those of any earlier year. The average import price for the raw product brought in from foreign countries averaged a little more than 5 cents per pound (exclusive of duty) as against an average of 2 cents per pound in 1914, and the sums paid by the consumers for all sugar purchased during the year will approximate \$1,000,000,000 as against a

little more than one-third of that sum in the year prior to the war.

About one-fourth of the nearly 9,000,000,000 pounds of sugar consumed in the United States in the fiscal year 1919 was, according to the bank's statement, produced in the United States, another one-fourth was produced in our islands and the remainder drawn from foreign countries, chiefly Cuba. About three-fourths of the quantity produced in our own fields was from beets, and only one-fourth from cane, while all of that brought in from our islands or from foreign countries was produced from cane. The average import price paid for the raw sugar coming from Cuba was 5.04 cents per pound (exclusive of tariff) as against 2 cents per pound in 1914; the average price paid for that entering the country from Hawaii in the fiscal year 1919 was 6.1 cents per pound and from Porto Rico 6.8 cents per pound, these figures being in all cases those of the raw product, which is refined in the United States before entering consumption.

The above figures, says the bank's statement, are necessarily in very general terms. The exact figures of consumption, basing the aggregate upon production at home, quantities brought from our islands, imports from foreign countries, minus the quantity exported after refinement, was 3,850,000,000 pounds; the import value, exclusive of duties, \$435,000,000, and the quantity exported in the refined state 1,115,000,000 pounds, and in the unrefined state about 3,000,000 pounds.

Foreigners—Good and Bad.

In this country we have millions of foreigners—English, French, German, Austrian, Italian, Belgian, Swedish, Norwegian, Greek, Turkish, Japanese, Chinese, and of every other nationality. The great majority of these foreigners are conscientious and law abiding citizens.

They work.  
There is also in this country another class of foreigners. They constitute the minority. They are not law abiding, and they are not citizens.

They Agitate.  
And because of the wild eyed bolshevistic vaporings of these anarchistic wind jammers and destroyers our country of late has been in a constant state of turmoil.

This continual unrest and uncertainty are curtailing production, undermining efficiency and alienating the loyalty of many good men.

It must cease.  
Labor and capital must get together on a sane and reasonable working basis, where the division of profits will be fair to both sides. But this will never be accomplished by allowing a braying minority to usurp the authority which belongs to a sane majority.

Men of intelligence and integrity do not care to take orders from illiterate and irresponsible foreigners whose only claims to leadership are a misguided conscience and a pair of leather lungs.

Brains, not noise, must prevail if we are to live in peace and plenty in this country.

That "flying parson" has one great advantage over his fellows. He knows how to pray when a small rock hits the boat.

This life contains many a humanized diamond in the rough, and, likewise, many a highly polished piece of glass.

Man works eight hours and calls it a day. His wife works day and night and is never through. Call a strike!

"Carbing the profiteers" is the great national joke—but a joke devoid of mirth.

Don't whip your wife. If you feel that some one must take a licking, let her punch you. It's better to be a martyr than a beast.

**SUSPENDS CANTON MAYOR.**  
(By United Press.)  
Columbus, Ohio, Oct. 28.—Governor Cox today suspended Mayor Poorman of Canton, following a hearing on the steel strike riots in that city. Cox threatened Poorman with suspension Saturday when the Ohio national guard was ordered mobilized. It was alleged that Poorman did not exercise sufficient restrictive measures.

GOES TO 12TH DISTRICT TO DISCUSS CAMPAIGN

Fred Van Nuys, Chairman of Democratic Committee, Discusses Organization With Leaders

MEET IS FIRST OF A SERIES

Fort Wayne, Oct. 28.—Fred Van Nuys, chairman of the state democratic committee, was to come to Fort Wayne today to discuss the approaching campaign with leaders of the twelfth district. Forms of organizations and other detail work will be decided upon.

The meeting here today is the first of a series of district meetings throughout the state. The same subjects considered here today will be taken up at subsequent meetings, exact as modified by conditions in each district.

There was to be no speaking at the meeting today, which was behind closed doors. Those attending besides Van Nuys were the secretary of the women's committee, the women and men county and district chairmen and secretaries. This same line-up will attend all the meetings.

Following are the meetings arranged after today: Thirteenth district, South Bend, October 29; Eleventh district, Logansport, Oct. 30; Tenth district, Kentland, Oct. 31; Eighth district, Muncie, Nov. 4; Ninth district, Lebanon, Nov. 5; Sixth district, Newcastle, Nov. 6; Fourth district, North Vernon, Nov. 7; Fifth district, Terre Haute, Nov. 11; Second district, Linton, Nov. 12; First district, Evansville, Nov. 13; and Third district New Albany, Nov. 14.

The music of "Hail Columbia" was written as a march, and went first by the name of "Washington's March."

## CARTHAGE WILL PLAY HERE THURSDAY NIGHT

High School Basketball Team Has  
Visions of Winning, Based on  
Comparative Scores

### ALIBI FOR MILROY DEFEAT

The high school basketball team will play the Carthage team here Thursday night, and from all indications a big crowd of rooters will be on hand from both places, as Carthage has an idea they can beat Rushville, since they have handed Morristown a defeat, and Morristown in turn beat Rushville. The game is being played Thursday instead of Friday, because of the State Teachers' Association which meets in Indianapolis Friday and Saturday, there being no school here Friday.

Last Friday Carthage was defeated by Milroy, but claims the defeat was due to their star forward being unable to play because of an injured foot. He will be in the game Thursday. Rushville showed up exceedingly well last Friday when they defeated Sandusky, and expect to give Carthage a worse defeat than Milroy did. The second teams from both schools will also play, their game being called at 7:30, and the other game following soon after.

### AMUSEMENTS

#### Tense Moments in "Secret Service"

There are many tense situations in "Secret Service," directed by Hugh Ford, with Major Robert Warwick in the role created by the author, William Gillette, and which will be seen at the Princess theatre tonight.

Among these, perhaps the most striking is that wherein the two brothers, Lewis and Henry Dumont, meet in the Varney home in Richmond during the siege of that city by the Federal forces in the most stressful period of the Civil War.

Lewis is on secret service, arranging to send a message to the Confederate commander which will result in laying Richmond open to easy capture by the Northern troops. Henry gains the information he needs and allows himself to be captured by the rebels.

He escapes and gets to the Varney home. The escape has been permitted by a Secret Service man who suspects the two are brothers and spies. He thinks they will betray one another. But they are too shrewd. Henry whispers to Lewis to

shoot him. He refuses. Henry shoots himself to make it appear Lewis did so in capturing him. Thus the plan is saved but Henry pays the forfeit.

This is only one of many similar situations which abound in this striking drama. A wonderful cast has been selected, the leading woman being Wanda Hawley.

#### Story of the Gold Rush

A tough dance hall during a gold rush figures largely in the new World Picture, "The Devil's Trail," starring Betty Compson and George Larkin which will be shown today at the Mystic theatre.

A lot of things happen in this dance hall. A girl, young, pretty, innocent, is kidnapped by one of the proprietors, is made to don the shameless garb of the hardened women who are always found at such a place and is then dragged to the top of a liquor-soaked table where she is offered at auction to the highest bidder among the ruffians gathered clamoring there!

Upstairs the girl's stalwart young lover has been bound so that he can't possibly get loose.

What happens next provides plenty of thrills for those who are looking for such things in pictures.

Bessie Love will be seen tomorrow in "A Yankee Princess" and Roscoe Arbuckle and Mabel Norman will play side by side in "Fatty's Bubble Trick."

#### ASSAULTED WIFE, CHARGE

Mrs. Herbert Gilson said today that the charge filed against Fred Knecht, who was released on bond yesterday, was not for assault and battery on her, but on his wife, who is Mrs. Gilbert's daughter. Because Mrs. Gilson signed the affidavit it was understood the alleged assault was made on Knecht's mother-in-law.

The following marriage licenses have been issued by county clerk. Loren Martin; Franklin Keith of this county and Doris Walker, daughter of Mr. and Mrs. Claude Walker, northwest of Rushville; Fred O. Gurley a farmer of Hancock county and Nell L. Gilbert, a telephone operator of Carthage.

Violent circular currents make navigation in the Bay of Biscay difficult.

## Bad Sickness Caused by Acid-Stomach

If people only realized the health-destroying power of an acid-stomach—of the many kinds of sickness and misery it causes—of the lives it literally wrecks—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid-stomach—bloat, indigestion, distressing, painful bloating, sour, gassy stomach; belching, food repeating, heartburn etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver, sometimes even catarrh of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if it isn't acid-stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloat, belching, and heartburn that indicate acid-stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvelously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

## Room for One More

Our plant was greatly taxed this week with overcoats and heavy suits. With the first signs of cold weather, a rush is made by the people to have us get into shape for them their last winter's clothing. Even though we were hard put to it, we kept our promises and delivered the finished goods on time.

## Now is the time

To have your garments of heavier material made ready for the cold weather. We always find room for one more, and guarantee absolute satisfaction. Our altering and repair department is at your service. Submit your garment and our tailor will tell you the cost of repairing it.

SATISFACTION IS NOT A HOBBY WITH US—  
BUT A KNOWN FACT.

## XXth Century Cleaners and Pressers

The Psi Iota Xi sorority will meet tonight at the home of Miss Gladys Wallace in North Perkins street.

The War Mother's club will meet tomorrow afternoon in the court house. All members are urged to be present.

A dance will be given tonight in the Sampson hall in Arlington. Special music will be provided throughout the evening. Everyone is invited to attend.

The Baptist Ladies Aid Society will meet in the church parlors tomorrow afternoon. As business of importance will be discussed at this time, all members are requested to attend.

Miss Doris Walker, daughter of

### Railroad Man Gives Good Advice.

"Several years ago I was under treatment of a stomach specialist for 5 months, 3 weeks of which were spent in a hospital. Another stomach specialist told me I had gall stones and that an operation was necessary. I did not want to have this. I lost 45 lbs. in weight. Talking with a brakeman one day he told me of Mayr's Wonderful Remedy and since taking it I have gained 16 lbs. and am feeling fine. I am advising others to try it. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere. Adv.

Mr. and Mrs. Claude Walker, and Franklin Leo Keith, son of Franklin W. Keith, both living northwest of the city, were quietly married Saturday afternoon at the Main Street Christian parsonage, the Rev. L. E. Brown performing the ceremony. They will reside on a farm northwest of the city.

Ten members of the Coterie were entertained at the home of Mrs. Raymond C. Hargrove yesterday afternoon at her home in West Seventh street. The subject for discussion was "Faces, Reveal the Character of Men." During the social hours a guessing contest was enjoyed. Refreshments were served by the hostess at the close of the afternoon.

Mrs. Roy E. Harrold was hostess for the members of the Tri Kappa Sorority last evening at her home in North Perkins street. At the meeting plans were discussed to make money for the county board of children's guardians. A benefit card party was planned for the near future, but no definite date has been decided upon. Following the business meeting a penny supper was served. Mrs. Forrest Remsburg, of Iola, Kansas, was a guest of the sorority last evening. The club will meet in two weeks with Mrs. Earl Moore at her home in North Harrison street.

A wedding of interest to many friends in this city took place Saturday evening at 5:30 o'clock at the home of Mr. and Mrs. William Nading of Shelbyville when their daughter, Miss Mildred Nading, became the bride of Cyril Y. Bowers of Dayton, Ohio. Only the immediate friends and relatives were present for the ceremony. Following the wedding supper the young couple left for Denver, Colo., and other points in the west. Upon their re-

## Exclusiveness

### In our Suits wins every woman's admiration

WOMEN who view our collection of Tailored Suits for Fall will realize that there never has been a time when the range of styles was more varied nor a wider latitude allowed in the selection of fabrics.

The showing is complete; we are more than proud of it; we unhesitatingly invite comparison with any other line in the city; we can vouch for the fact that there are no newer styles than these found here.

Suits for street wear—for dress wear—for general utility wear—for business wear. Whatever the occasion, you'll find a pleasing choice here.

SUIT IS STARTED

Continued from Page One

with prostitution, gave bond yesterday afternoon in the sum of \$50, and was released from jail. She pleaded not guilty when first arraigned, and will now await trial.

The case of Emily Rigsbee against James Miller for appointment of a guardian, was heard yesterday in court, and Judge Sparks decided in favor of the plaintiff, stating that Miller was not capable of managing his own affairs because of infirmity and old age. Albert W. Rigsbee was appointed as guardian and his bond placed at \$5600.

The case which was continued over from several weeks ago, of A. R. Herkless against C. L. Henry, was concluded yesterday before Judge Craig, special judge in the case. The evidence and arguments were given, and Judge Craig took the case under advisement, and will make known his decision in a few days.

A divorce was granted upon payment of the costs, to William E. Newsom from Cathleen Newsom. Mrs. Newsom did not appear in court. Both are well known colored people and live in Carthage.

A suit on a complaint filed by Rosa Alter Green against Lewis Scherman and Bernard Scherman, was granted a change of venue to Henry county, ten days being given to perfect the change. It was filed here some time ago, and the plaintiff is asking for some farming land, which she claims is due her from her grand-father's estate. Mrs. Green lives in that part of Rush county, and the land involved is also located in that part of the county. The defendants are residents of Henry county.

A case which has been pending in circuit court as well as having gone through the supreme court, was definitely decided upon yesterday by Judge Craig when he sustained the demurrer filed by the City of Rushville, and held that they were in no way responsible for any damage, which might have befallen A. R. Herkless of this city.

It was the case of Herkless against the City of Rushville and the Julius Keller Construction company, and related to the Oliver street improvement. It was filed in 1913, taken to Connersville by change of venue, appealed to the supreme court, and then re-taken to the circuit court in Decatur county. Judge Craig, when here yesterday, returned his decision in the case, sustaining the demurrer filed by the defendants.

A marriage license was issued today to Harley Spacey of New Salem and Myrtle Jones, daughter of Lewis Jones, also of that vicinity.

turn they will make their home at Cornell Grove, Kansas. Miss Nading was well known in this city, having visited here on a number of occasions.

Claude Krammes was delightfully surprised at his home south of Orange Sunday by a number of his friends and relatives, the occasion being in honor of his birthday. The guests were Mr. and Mrs. Albert Krammes, Mr. and Mrs. James Johnson and son Virgil, and daughter Vera, all of south of Orange, Mr. and Mrs. Alden Johnson of south of Rushville, Mr. and Mrs. Ernest Pattison and Mr. and Mrs. Lawrence A. Krammes and daughter Mareile, all of Gowdy; Mr. and Mrs. John Newkam and son Richard and Harry Kirkham of Mays, Russell Wilson and Miss Hazel Wilson of Newcastle. At noon a pitch-in dinner was served and the remainder of the day was spent socially with music and games.

A pretty home wedding was solemnized this morning at 8:30 o'clock at the home of Rev. and Mrs. W. F. Schrontz in Orange, when their daughter, Miss Margaret Schrontz, became the bride of Roland Siel of Grayville, Illinois. The home was beautifully decorated with a color scheme of yellow and white, yellow and white roses and chrysanthemums being used for the decorations. The bride looked beautiful in a blue velvet traveling suit and carried a shower bouquet of bride's roses. The only attendants were the two ring bearers, Gwendolyn Ewing of Harle, Michigan, and Paul Reed Henry, each carrying small French baskets of roses, in which the rings were concealed. Preceding the ceremony Miss Gertrude McDonough of Washington, Pa., sang "At Dawning" and "Still of the Night." The bride's father, the Rev. W. F. Schrontz, performed the ceremony, the double ring service being used. Immediately following the ceremony a prettily appointed wedding breakfast was served, the same color scheme of yellow and white in the repast. Only the immediate relatives and friends of the bride and bridegroom were present.

The young couple left this morning for St. Louis, Mo., on a short wedding trip after which they will

Thousands of Cases of Dyspepsia--- BUT ONLY ONE PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEPSINCO fail. But why not consider the recommendation of thousands of people who have used PEPSINCO, on the basis of their belief in it. Try it yourself; we are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEPSINCO to-day.

Ask your druggist—he sells and recommends Pepsinco.

## National Legislation of the Meat Packing Industry

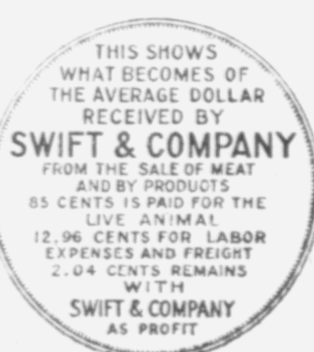

1. Will not increase the amount of meat you can buy for a dollar.
2. Will not raise more animals.
3. Will not produce more meat.
4. Will not stop fluctuations in live-stock receipts or prices.
5. Will not increase the output of the packing houses.
6. Will not prevent strikes.
7. Will not reduce transportation charges.
8. Will not reduce the retailer's cost of doing business.
9. Will not increase the demand for the cheaper cuts of meat.
10. Will not lessen the consumer's demand for expensive delivery and credit service.
11. Can not at the same time raise prices paid farmers for live stock, and lower prices paid by consumers for meat.

But the slowing up of efficiency due to cumbersome governmental routine will have the effect of increasing the manufacturing charges between the cost of live stock and the cost of meats, thus forcing lower live-stock prices or higher meat prices.

The packing industry as now conducted, is characterized by keen competition, highest efficiency, and unusually low profits.

## 34 NATIONS AT THE WOMEN CONGRESS

Wages, Eight Hour Day and Betterment of Working Conditions Are Principal Subjects

### FIRST INTERNATIONAL MEET

Nearly 500 Delegates and Assistants Will Register Before Congress Closes

(By United Press.)

Washington, Oct. 28.—Wages, the 8-hour day and betterment of working conditions are the principal subjects scheduled for discussion at the world conference of womenworkers which opened here today under the formal title of the First International Congress of Working Women. Womenworkers of 34 countries were invited to send delegates. Delegates from nearly all countries now are here overflowing hotels and private homes in which many are guests. Others will arrive before the week ends, officials said.

Among the countries whose women workers sent delegates are Great Britain, Canada, France, Belgium, Italy, Switzerland, Poland and Czechoslovakia, Argentina and Uruguay. Each was entitled to 10 delegates and no limit was put on the number of secretaries and assistants.

Nearly 500 delegates and assistants will register before the congress closes, it is predicted.

Among the delegates representing the United States is Mrs. Raymond Robins of Chicago, president of the National Women's Trade Union League of America, which called the congress to meet in conjunction with the International Labor conference scheduled to open tomorrow.

All subjects to be put before the International Labor Conference will also be introduced in the women's congress, according to Mrs. Robins.

Arrangements for the women's congress were made by the International committee of the National Women's Trade Union League which committee includes Mrs. Robins, Miss Mary Anderson, director of the woman's bureau of the U. S. Labor Department, Miss Agnes Nestor of Chicago, Miss Rose Schneidermann of New York and Miss Julia O'Connor, head of the women's section of the National Electrical Workers' Union.

### FRENCH DESTROYER TO AID.

(By United Press.)

London, Oct. 28.—French destroyers at the mouth of the Dvina, have been ordered by Paris to assist the British warships in attacking the forces of Colonel Bermond, a Riga dispatch reported today. Bermond, as leader of the Russo-German forces on the western front, has been bombarding Riga as a part of the campaign against Letts.

### For Liver and Bowels Dr. Carter's K & B Tea

A Mild, Gentle Vegetable Laxative and Healthful Drink

You can keep the whole family in good health if you will brew a cup of vegetable tea every other night and have them drink it just before going to bed.

For very little money you can get a package of Dr. Carter's K & B Tea, and after you and the dear ones have used it for a week you'll say it's the finest, gentlest and most complete tonic laxative you ever ran across.

For stomach, liver and bowels and to purify the blood, nothing is more reliable. Give it to the little ones when they get feverish and can't eat. They like it and it does them lots of good.—(Adv.)

"Let's do the darn job together"

—Ches. Field

WHY is it that more and more smokers (millions now) are getting together with Chesterfields?

First of all, fine tobaccos. Our own buyers in the Orient send us the pick of the finest Turkish varieties (Xanthi, Cavalla, Smyrna and Samsoun). We blend these by a secret method with specially choice Domestic leaf.

This method brings out new qualities of flavor—a smoothness, a richness, a mellowness that go right to the spot. That's the reason Chesterfields satisfy.

And remember—"Satisfy" is Chesterfield's secret, based on our own private formula, which cannot be copied.

Every package has a moisture-proof wrapping—another reason for Chesterfield's unchanging quality of flavor.

## WORD RECEIVED BY AVIATORS, MOTHERS

Cecil Connolly and Fred Waterhouse, Lost American Fliers, Write of Their Sufferings.

### EXCEPT THE FINAL CHAPTER

San Diego, California, Oct. 28.—From Lieut. Cecil Connolly and Frederick Waterhouse, aviators, lost in Mexico, stating that they were dying from hunger and thirst a statement was received yesterday by their mothers, of their conditions.

They told of the last chapter but one in the tragic death of the two men who were on their way from Uruapan to San Diego, California on August 31. The final act was performed by two Mexican fishermen who murdered the aviators. The last message received told of the great suffering of the two aviators.

Connolly wrote as follows "Dearest Mother: my time has come. God's knows well enough I have tried to forget my fate. What I have is yours. I have tried to live a good life and I do not fear death. Please do not wear mourning for me. God's blessing to all. Your son, Connolly".

Waterhouses' message stated: "Dearest Mother: We have been here now ten days. No sight of any help and our water nearly gone and thus will write you my last message. I told you not to grieve for me. I want you to have everything, which is not much. Give my love to sis and dad. Your loving son, Frederick".

## PARADES AND DISPLAY OF WAR RELICS TO FEATURE OBSERVANCE

Plans Are Outlined for Celebration of Armistice Day at Court House Meeting

NEW COMMITTEES ARE NAMED

Service Flag Parade, Including War Mothers and School Children, in the Afternoon

SPARKLER PARADE 7:30 P. M.

Addresses in Afternoon and Dancing in Streets at Night—Relics Exhibit by Townships

An elaborate celebration of Armistice day two weeks from today, November 11, which will include a service flag parade in the afternoon and a sparkler parade at night, together with an address in the afternoon, a dance on the streets, at night, a display of relics of the war and other features, was agreed upon at a meeting in the court house last night, and additional committees were appointed to complete detailed arrangements. All of the committees which have been named will meet at the same time next Monday evening to report on the progress which has been made, to gather up the loose ends of the arrangements and make final plans for the day.

The meeting decided that a display of war relics by townships would be the best arrangement because the spirit of competition will be aroused among the townships. A committee was appointed to select the store windows in which the various relics will be exhibited, several of which are being devoted to the purpose.

An attempt will be made, by interviewing all of the township trustees, to have the schools of the county dismissed on that day so that the children may take part in the service flag parade and the singing of patriotic airs.

An effort will also be made to have the Rushville factories close, at least during the afternoon, so that factory workers may march with the organizations to which they belong, displaying service flags.

Following the parade in the afternoon there will be an address on the court house lawn by a prominent

## SENATE FOLLOWS SUIT OVERRIDING THE VETO

65 to 25 to Pass Prohibition Enforcement Act After House Has Acted Similarly

HOUSE VOTE IS 176 TO 55

(By United Press.) Washington, Oct. 28.—The nation's prohibition enforcement bill, providing strict laws for both war time and constitutional prohibition, became a law this afternoon when the senate by a vote of 65 to 25 overrode the veto of President Wilson. Similar action was taken by the senate late yesterday, the vote being 65 to 55. The bill becomes effective immediately. The effort to get a speedy vote first encountered opposition when the matter was brought by Sen. Sterling of South Dakota, but this was overcome.

Shortly before the senate discussed it was made known at the White House that President Wilson will not veto the ratification of the peace treaty.

The enforcement act under discussion in the senate applies both to war time and constitutional prohibition.

### Armistice Day Features

Service flag parade, at 2 p. m., also to include war mothers and school children.

Sparkler parade at 7:30 p. m., in which all lodges are invited to join.

Addresses in afternoon following parade.

Dancing in street at night after parade.

Music by bands and jazz orchestras.

Display of relics of late war by townships.

Entertainment features yet to be announced.

ent military man, if one can be obtained, and a Red Cross worker, since Armistice Day will be the closing day of the Roll Call campaign. All war mothers of the county will be invited to ride in the service flag parade, and the machines which will be provided for them from the various townships, will be the only ones permitted in the parade. The question of the war mothers being represented in the parade will be taken up at the meeting of the organization Wednesday afternoon, when they will be asked to sanction the plan.

A committee of ex-service men was named and will be asked to hold an early meeting to make plans to interest former soldiers, in whose honor the celebration will be held. It will be left to this committee whether the men who served in the late war shall be invited to march or to wear a distinctive badge during the day.

Another committee was made re-

## SEVENTEEN KILLED IN LAKE ACCIDENT

Steamer "City of Muskegon" is Smashed Against Pier During Lake Michigan Storm

MANY LEAP TO THE PIER

Accident Happens When Steamer Tries to Nose Into Narrow Passage Early Today

(By United Press.)

Muskegon, Michigan, Oct. 28.—Seventeen persons were killed early today when a raging Lake Michigan storm smashed the steamer, "City of Muskegon," against the pier. Others of the passenger list and crew escaped by leaping to the slippery wave-swept surface of the pier.

It was pitch dark and a sixty-mile wind churned the lake into a boiling yellow fury when the City of Muskegon attempted to nose into the narrow passage between two mile-long piers. At the entrance a huge wave rocked the boat and then hurled it to the south pier with sides splintered.

From below came rushing passengers and members of the crew off watch.

The boat was trembling fairly atop the pier. Captain Edward Miller ordered all on deck. Men and women jumped over the sides of the ship. Most of them were in their night clothes over which they had thrown some outer garments.

Twenty minutes after the boat struck the pier another wave rolled over the vessel and only parts of it could be seen protruding out of the water.

It was the coldest morning of the fall and all the survivors hurried away at once.

## ANOTHER LEVY IS RAISED

Ripley's Tuition Tax Increased 8 Cents, Making Total Rate \$1.03

One more change in a local tax levy for 1920 has been made by the state board of tax commissioners, according to word which has been received at the county auditor's office. Ripley townships tuition tax was raised from nine cents, a which it was originally fixed by the state board, to 17 cents. This increase of eight cents raises Ripley township's levy for next year to \$1.03. Increases have previously been made in the tuition levies for Rushville and Walker townships.

## VERDICT IN SIPE CASE WITHHELD

Local Relatives Confident Former Rush County Man Made Honest Effort to Answer Call

TALKED WITH THE GOVERNOR

Goodrich Suggested That He Send a Substitute, Mr. Sipe Says—Statement by Former Partner

The verdict in the court martial case of Richard V. Sipe of Indianapolis, clerk of the Marion county circuit court, who was subjected to military trial for failing to report for strike duty with the state militia has never been made public, but in view of all the circumstances surrounding the case, local relatives and others acquainted with Mr. Sipe are confident that he made an honest effort to respond to the call promptly.

It is pointed out that Mr. Sipe was not allowed to plead guilty to certain of the charges and forfeit twice the amount of pay he would have received for the time he was absent.

When this was refused Sipe made a statement in which he said he had conferred with Gov. Goodrich regarding reporting. He said the governor suggested that he send a substitute. He attempted to do this, calling Gen. Harry E. Smith on the long distance telephone. Gen. Smith was not in his office but Col. Charles A. Garrard answered and told him that a substitute could not be accepted to report.

Sipe said he did not report because he believed he was required to but because he believed it was his duty. He said he was still convinced he was not compelled to report.

In his statement Sipe said that he felt he could not report because the bookkeeper, who besides himself, was the only person who knew the combination of his safe, was ill and a newly appointed chief deputy, to whom he had not yet turned over his office, also was ill. He told the court he was under oath and \$100,000 bond to administer the affairs of his office. His oath of enlistment antedates his oath of office.

William R. Ferney of Indianapolis, former law partner of Mr. Sipe gave out a statement to the Indianapolis newspapers, in which he speaks in part as follows of Mr. Sipe's integrity:

Any one who knows Richard V. Sipe at all knows he never did a dishonest or underhanded or cowardly thing in his life. He served three years in the Indiana national guard, and joined the present organization, like the rest of the members, purely from patriotic motives when the old Indiana national guard had been called into service in the war with Germany.

His position in the matter is now, and has been all the time, that he was elected by the people of Marion county to perform a public duty, and he took oath that such duty he

## PLEADS GUILTY TO STEALING OIL

Victor Ellerman Admits Taking 20 Gallons, Valued at \$60, From W. J. Knecht, Jr.

FOUND ON HIS PREMISES

Judge Sparks Investigates the Case Before Pronouncing Sentence—Ellerman in Jail.

Victor Ellerman, a painter by trade, living near Five Points, in Posey township, was arrested late yesterday afternoon by Sheriff Jones on a bench warrant from the circuit court, the charges being grand larceny for the alleged theft of some linseed oil, and when arraigned before Judge Sparks, entered a plea of guilty. The sentence was withheld as Judge Sparks wished to investigate the matter more thoroughly before pronouncing a sentence.

Ellerman is in jail, because of failure to give the \$750 bond, as fixed by Judge Sparks.

Yesterday morning William J. Knecht, Jr., living north of Rushville, secured a search warrant from Squire Stech, for the purpose of trying to locate the stolen oil. Constable John Wolter from the squire's court went with Knecht, and located the oil on the premises of Ellerman.

Ellerman, who is a painter, had just finished a job for Knecht and it is charged he stole 20 gallons of linseed oil which was in the barn, when he moved his tools. Knecht became suspicious and lost no time in getting to Rushville for the proper warrant. The oil was valued at \$60.

According to the story, Knecht was willing to drop the charge of larceny, but some trouble arose between the two parties, and a bench warrant for his arrest, was issued to the sheriff yesterday afternoon. When arraigned, he entered a plea of guilty. It is understood that Ellerman has a family dependent upon him for a living.

## WELL KNOWN LUMBER BUYER DIES MONDAY

Ed Perkins, Age 50 Years, Expires at Dr. Sexton's Hospital—Operated on Week Ago

FUNERAL WEDNESDAY 2 P. M.

William Eddie Perkins, well known lumber buyer for the Reynolds Manufacturing Company of this city, expired last night about seven o'clock at Dr. Sexton's hospital, death being caused from an operation for appendicitis which he underwent a week ago today. He was apparently getting along very well, but took a sudden change yesterday.

He was better known as Ed Perkins. He was 50 years old, and lived about three miles south of Rushville on the New Salem pike. For a number of years he had been employed by the Reynolds Manufacturing Company, and was recognized as a very capable lumber buyer.

Besides his wife, he is survived by five children, Ruby Bowring, Lavone Reed, Cora Browning, Earl and Elmer all of this county; also his mother, Mrs. Sarah Perkins; one sister, Mrs. J. F. Fore, and three brothers, Charles, Jake and James Perkins. The deceased was a member of the local order of Knights of Pythias.

The funeral services will be conducted at the late residence, south of Rushville, at two o'clock Wednesday afternoon, and burial will take place in East Hill cemetery.

## BRIDEGROOM NOT GUILTY

John Reardon Says Police Made Affidavit Against Wrong Person

John Reardon stated today that it was not his son-in-law, Howard Kehl, that was arrested for speeding night before last on Main street, but that it was his brother, Joe Kehl, and that the police had made the affidavit out wrong. Mr. Reardon stated also that he could produce witnesses who would testify that Policeman Lemons did not see the machine, but was told about it by someone later. The affidavit and fine, was paid by Howard Kehl according to the records in police court.

## FORCED TO PAY \$2 TO GET CAR BACK

Jess C. Fisher Says He Was Compelled to "Tip" Police to Recover His Automobile

MAKES A SWORN STATEMENT

Declares Mayor Said He Could not Have it Until He Paid—Mayor's Side of Story

Jess (Judge) Fisher, son of A. C. Fisher of near Falmouth, harbors a grudge against Mayor A. B. Irvin and the police force because he was required to pay the police \$2, in addition to \$2 garage bill, when they got his machine, which he left standing at the side of the street in East Eleventh early last Wednesday morning, because it would not run.

When asked about the story which Fisher told, the mayor said this morning that he did not force Fisher to pay the police \$2 for going after his machine, but admitted that Chief of Police Willong did receive \$2 from Fisher before he got his car.

According to a sworn statement by Fisher, the mayor told him last Wednesday afternoon that he would not be allowed to take his car, and that he would not even be informed in what garage it had been placed, until he paid Police Chief Willong \$2.

The mayor denied this specifically, asserting that the statement was made out of "whole cloth", and furthermore declared that Fisher knew where his car was before he paid the chief the \$2 for "recovering" his machine.

Fisher's position is that the police should not have touched the automobile because he had pushed it to the side of the road, lighted the tail light, turned the seats upside down and taken off the fan belt. He says that he came back to Rushville next morning as soon as he could to get the car, intending to take it to a garage for repairs. He thought it was out of oil and did not want to drive it home early Wednesday morning because he was afraid he would burn out a bearing.

Fisher says that he would not object to paying the garage bill, even though he believes the police should have left the car alone, but he did not think he should make a "compulsory tip" to the police for interfering.

The attitude of the mayor and police is that it was their duty to go after the car when notified that it had been abandoned, on the theory that it was a stolen machine. But Fisher believes that it is a part of the police to protect public property; if they find it, and that it should not be necessary to pay them for the service rendered.

Fisher says that he might have been able to get a garage man to come after his car at 3:30 a. m., but that it is doubtful, and that he did not want to arouse a man at that hour.

Fisher said today that the garage

Continued on Page Three

## \$5,000 DAMAGE SUIT IS STARTED

Case of Edward F. Sulkey Against Walker D. Hines, Outgrowth of Accident Sept. 28, '18.

HIT BY C. I. & W. FREIGHT

Plaintiff Alleges Negligence on Part of Railroad—Suit Filed in 1913 is Ended.

The case of Sulkey against the C. I. W. railroad was being tried in circuit court today, and it was thought that the trial would not be finished today. The jury was used in the case, and Edward F. Sulkey of Newcastle, is asking damages from Walker D. Hines, as director general of the railroads, in the sum of \$5,000, alleging that he received injuries at the Main street crossing in this city early in the morning of September 26, 1918.

It will be recalled that Sulkey, in company with another person was going south in Main street, when their truck was struck by an east-bound freight, about two o'clock in the morning on that date.

Sulkey alleges negligence on the part of the railroad, stating that the train did not make any noise as it approached the crossing. The truck contained two cows. He alleges that the train also violated the city ordinance by exceeding the speed limit.

In asking for damages, he says that he was thrown from the truck and received a broken right cheek bone, a badly bruised head and other injuries which have caused him much pain, especially in his right shoulder.

The case got a late start this morning. The train crew was here, and was used as witnesses for the railroad company, and only two witnesses were used by the plaintiff, they being Mr. Sulkey and the other person who was riding on the truck at the time of the accident.

Mrs. D. D. Dragoos has been appointed as court stenographer by Judge Sparks, succeeding Miss Frances Frazier who has resigned. Mrs. Dragoos is an experienced typist, having held this position before. She began her new duties today.

Violet Keys, who was held in jail on a grand jury indictment, charged

## TOWNSHIP FARMERS MEET THURSDAY NIGHT

Rushville Branch Called to Elect Additional Officers and Pass on By-Laws

UNION TWP. MEETING TONIGHT

The Rush County Farmer's Association, Rushville township division, will hold a meeting here Thursday night for the purpose of completing the township organization, by the election of additional officers, and by adopting the constitution and by-laws for the township. Will L. Brown, township chairman, especially requests all members of the township branch to be present, and extends an invitation to any farmer in the township who is not now a member, and wishes to learn more about the federation, to attend.

The meeting will be held in the assembly room of the court house, and will be called to order promptly at seven o'clock, on account of the change in time. A similar meeting will be held tonight for the Union township branch, at the Gings school with C. F. Patterson delivering the principal address. Tonight Mr. Brown stated that a good speaker would be obtained for the meeting here on Thursday night.

Parades and Display of War  
Relics to Feature Observance

Continued from Page One  
sponsible for music and other attractions. A band will be employed for the parades and a jazz orchestra of eight or ten pieces, with cabaret singers will also be engaged for the dance at night. The committee will also try to get a stunt aviator and other attractions for the day.

The head of each lodge in the city was appointed on the committee to interest lodgemen in the night parade. Sparklers will be provided by the committee, appointed for this purpose.

The township chairman who have already been named, will be invited, in letters which will be mailed in a few days, to co-operate with the township trustees in all matters relating to the day. They will be asked to interest themselves in making the display of war relics as large as possible by collecting all that they can in their respective townships, or making a personal request of people owning relics, to take them to the stores designated for their township display. The township chairmen will also be asked to interest the war mothers of their townships, regardless of whether they belong to the county organization, to participate in the service flag parade. It will also be the duty of the chairman, to invite every organization in their respective townships having a service flag, to have it in the afternoon parade.

The publicity and advertising committee, appointed at the preliminary meeting last Friday night, was made to do double duty by being made also a committee on decorations. The request is made that all business houses, factories, public buildings and homes be appropriately decorated.

The new committee selected were as follows:  
Speakers—John A. Titworth and Ernest R. Thomas.

Service flag parade—W. A. Alexander, grand marshal, who will select his own assistants. The parade will start at 2 o'clock on the line of march will be announced later.

Sparkler parade—Walter Eastley, John McKee of New Salem, Fred Bell of Union township and R. H. Jones of this city. The parade will start at 7:30 o'clock and the line of march will be announced later.

Schools—C. M. George, county superintendent, was appointed chairman, to take up with the trustees at the regular monthly meeting of the board of education, the question of dismissing the schools and arranging for the children to take part in the service flag parade.

War relics—Lyle Gullin, R. S. Havens and Bert Osborn. The committee will designate the stores where the township displays are to be made and will announce them soon. It is desired that the names of the owner of each relic together with any bit of history in connection with it, be attached.

Soldiers' committee—Perry Ongal, Tom Saunders, Jerome Caron Posey Denning, Will Brann, Bob Hammes, Scott Bagell, Mike McCoy, Lowell M. Green, Frank H. Green and Guy Newman.

22 COMPANIES LEAVE.  
Indianapolis, Ind., Oct. 28.—Two companies of Indiana militia left the strike zone in the Chamber district today and three others will leave tomorrow, Governor Griffith announced today. The two companies leaving today are from Shelbyville and Artisan and those scheduled to leave tomorrow are from Goshen, Fort Wayne and Bloomington.

WORK IN TWO DEGREES  
Chapter No. 24, R. A. M., will work in the P. M. on Wednesday.

# POTATOES

My car now on C. I. & W. freight tracks. Round, white, western matured winter keeping stock. U. S. grade. Put up in 2 1/2 bushel bags. PRICES RIGHT. Potatoes are bound to go higher. Buy Wednesday or Thursday.

Car of Fancy Bulk Roam Beauty Apples to be in from Idaho any day. Phone dial, 652—4 rings.

## Carlton Chaney

## ROYAL PAIR WELCOMED IN WASHINGTON TODAY

Washington, Oct. 28.—The White House received the first European monarch today when King Albert and the queen of Belgium called to pay respect to President and Mrs. Wilson. Their call was informal and lasted twenty minutes.

During the Belgian rulers call at the White House Dr. Grayson was in consultation with two other doctors and was unable to see the king. Mrs. Wilson greeted the king and queen at the door.

The American congress later this afternoon welcomed King Albert. The senate and house halted their proceedings and heard the Belgian leader. He urged in his slow speech English a tightening of the band between his country and the United States through interchanging of ideas and commercial relations.

The township chairman who have already been named, will be invited, in letters which will be mailed in a few days, to co-operate with the township trustees in all matters relating to the day. They will be asked to interest themselves in making the display of war relics as large as possible by collecting all that they can in their respective townships, or making a personal request of people owning relics, to take them to the stores designated for their township display. The township chairmen will also be asked to interest the war mothers of their townships, regardless of whether they belong to the county organization, to participate in the service flag parade. It will also be the duty of the chairman, to invite every organization in their respective townships having a service flag, to have it in the afternoon parade.

The publicity and advertising committee, appointed at the preliminary meeting last Friday night, was made to do double duty by being made also a committee on decorations. The request is made that all business houses, factories, public buildings and homes be appropriately decorated.

The new committee selected were as follows:

Schools—C. M. George, county superintendent, was appointed chairman, to take up with the trustees at the regular monthly meeting of the board of education, the question of dismissing the schools and arranging for the children to take part in the service flag parade.

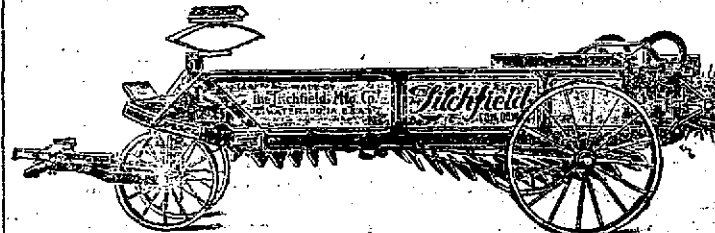

War relics—Lyle Gullin, R. S. Havens and Bert Osborn. The committee will designate the stores where the township displays are to be made and will announce them soon. It is desired that the names of the owner of each relic together with any bit of history in connection with it, be attached.

Soldiers' committee—Perry Ongal, Tom Saunders, Jerome Caron Posey Denning, Will Brann, Bob Hammes, Scott Bagell, Mike McCoy, Lowell M. Green, Frank H. Green and Guy Newman.

22 COMPANIES LEAVE.  
Indianapolis, Ind., Oct. 28.—Two companies of Indiana militia left the strike zone in the Chamber district today and three others will leave tomorrow, Governor Griffith announced today. The two companies leaving today are from Shelbyville and Artisan and those scheduled to leave tomorrow are from Goshen, Fort Wayne and Bloomington.

WORK IN TWO DEGREES  
Chapter No. 24, R. A. M., will work in the P. M. on Wednesday.

## THE MOTHER

## OF INVENTION IS NECESSITY

Now is the time to buy manure spreaders. If my friends will look over my stock they will become convinced that I am practicing what I preach, "Buy Now." My liberal stock proves my position. If you will investigate the RUSHVILLE SPECIAL Spreader you will understand how every machine is helping to sell more of them.

You can't afford to wait for improvements, because this spreader is years ahead of anything else right now, and it is your misfortune if you fail to get the benefit of this spreader this year. Prices are not going to drop, and it is hard to make the RUSHVILLE SPECIAL Spreader any better. No argument for delay.

The conveyor cannot clog or slip under the load. Notice from the cut the swinging sections how they empty and clean themselves. Nothing can lodge on the lower conveyor. It goes straight through to the ground.

If you will come to the store and look inside of this box you will find every section is raised slightly above the one ahead of it, forming a SAW-TOOTH grip that moves the load. This is our FORCE-FEED. Fifteen years from now, after the Litchfield Patents have expired, every other kind of conveyor will be a thing of the past.

What other spreaders will be fifteen years from now, the RUSHVILLE SPECIAL Spreader really is TODAY. Fifteen years from now all spreaders will be using the Bull-Dog Cylinder, the No-Choke Box—and a lot of our other exclusive features. I will tell you about these later. OUR SPREADER IS GUARANTEED FOR FIVE YEARS.

## Acme Worm Bouncer

They Eat As The System Requires  
Prevents 90 Per Cent of Diseases.

HOGS SURELY PAY when fed and handled by the man who is "on to all of the fine points of the game." The Daily News of Chicago, Illinois, under date of Dec. 16, 1914, states: "The value of the hogs that died in 1914 is estimated at \$66,000,000." It would seem, wouldn't it, to you and to me, that there were a lot of breeders of hogs not on to the "fine points of the game?" There is a reason for these millions of dollars worth of hogs dying each year, and while there is a part of it due to the genuine hog cholera, the greater part 75% to 90% of these losses starts with and is caused by worms and indigestion, which can be prevented.

It is claimed on good authority that pigs are born with worms. They all say "pigs get worms very young." And you can not prevent worms with any kind of grain ration; they require something more: they require the roots, seed, barks and worm expeller of which ACME WORM BOUNCER is composed if you expect them to make the most of your high priced feed.

## ACCUSED OF ASSAULT ON MOTHER-IN-LAW

Ed Bowen of This City is Released on \$500 Bond at Shelbyville After Arrest

Ed Bowen of this city, who was arrested here Saturday afternoon by Shelby county officials on a charge of assault and battery, alleged to have happened in Washington township, Shelby county, on his mother-in-law, Mrs. Eli House, was to be given a hearing this afternoon in police court at Shelbyville. Bowen was released Saturday on a \$500 bond, which was provided by a prominent business man of Shelbyville.

The Shelbyville paper in giving an account of the affair said: "It is said that some time ago Mr. Bowen's wife went to the home of her mother because of some family trouble and Bowen became angry and went to the House home in Washington township, where he took it upon himself to thrash the entire family. He is said to have pushed and struck the mother of his wife when she attempted to keep him from taking Mrs. Bowen from the home. He is also said to have beaten a sister-in-law."

get the car. I saw the mayor and went through the same process of identifying the machine. He told me I would have to pay the garage bill and tip the police before I could get it. I told him I would pay the garage bill, if he would tell me where to get the car, but that I did not like to pay the police because I thought they should have left the car alone until I could get it. The mayor would not tell me where the machine was and said he would not tell me and would not let me have it until I paid the police \$2. I had to be identified to the mayor by Hugh Jones. I finally paid the \$4, of which \$2 went to Chief of Police Wilfong and Policeman Lemons.

would faithfully perform; and, when the call to report for the steel strike came, it found him with his chief deputy sick and his bookkeeper out of the city. Had he responded to the call at that time, the business of Marion county—so far as the clerk's office was concerned—would have been practically paralyzed. There were no excuses of any kind accepted for failing to report for duty except physical disability and such excuses would only be accepted after the person had been examined by the regimental surgeon at East Chicago.

Under these circumstances, Mr. Sipe immediately communicated with

## Floor Finishing

Floors, no matter of what wood, when properly finished with the right material, will last longer and become more attractive with age, as the finish preserves the natural beauty of the wood, and closes all crevices where dirt may lodge, thus making the floors beautiful, easy to keep clean and sanitary.

### Elastica Floor Finish

*The One Perfect Floor Varnish*

Elastica Floor Finish is made especially to withstand the hard wear and frequent washing to which floors are subjected. It combines quick and hard drying properties without sacrificing elasticity or durability in any degree. It dries free from dust in from four to six hours and sufficiently hard over night to be walked on and may be rubbed with pumice stone and oil to produce an eggshell finish.

**ELASTICA FLOOR FINISH** may be used on floors of all kinds—new or old, natural wood, painted, grained or stained surfaces also over linoleum or oilcloth. Water will not affect this varnish; it does not scratch white or spot and while the wood may become dented, the finish remains intact.

**ELASTICA FLOOR FINISH** may be subjected to any test of wear and tear that floors receive.

**ELASTICA FLOOR FINISH** is approved by architects, endorsed by decorators, and greatly appreciated by home owners who recognize the economy and satisfaction of having perfect and durable floors.

**Pinnell & Tompkins Lumber Co.**

PHONE 1031. DISTRIBUTORS.

the Governor, who is the commander-in-chief of the military affairs of the state, and the Governor advised him to obtain a substitute, a young man who had been in overseas service, and when the detail came down to take Mr. Sipe to East Chicago, he advised them that he had a substitute; and they informed him that they would accept no substitute but he himself had to go. Mr. Sipe then made hurried tentative arrangements for the conduct of his office, and he, without being accompanied by any one, reported for duty at East Chicago.

Of course he had technically violated the order to report immediately, but Mr. Sipe felt then, and he feels now, that his violation of such order was entirely justifiable and that his oath to perform the duties of the clerk of Marion county is as binding on him as any other obligation of any kind.

As a member of the state militia, I am not permitted to comment on why, under these circumstances, Mr. Sipe was tried by a general court-martial when the ordinary and usual proceeding would have been a summary court-martial and I am not permitted to comment on the manner of the conduct of the trial.

**"Our Sugar Spree"**

The assertion that the United States has gone on a "sugar spree" since the advent of prohibition lends interest to a series of compilations by The National City Bank of New York which compare our sugar consumption in 1919 with that of previous years. They show that the quantity of sugar consumed in the United States in the fiscal year ending with June 1919 was greater than in any year in the history of the country and the sums paid for it double those in the year preceding the war.

The quantity of sugar consumed by our people, says the bank's statement, aggregated nearly 9,000,000,000 pounds in the fiscal year 1919 against about 8,000,000,000 last year, 8,500,000,000 pounds in the year prior to the war, a little over 7,500,000,000 pounds in 1910, 6,400,000,000 in 1905, 5,000,000,000 in 1902, and 4,500,000,000 in 1900, all of these being, of course, in very round terms. Thus the 1919 consumption is about double that of 1900, although the population meantime has increased only 33 per cent. The average per capita consumption in 1919 was 83 pounds against 77 pounds per capita in 1918, 78 in 1916, 59 in 1900, 50 in 1890, 40 in 1880, and 33 pounds per capita in 1870. In fact our 100,000,000 people, although forming about 6 per cent of the world's population, consumed last year nearly 25 per cent of the world's sugar production.

The sums paid for sugar by our people in 1919 were far in excess of those of any earlier year. The average import price for the raw product brought in from foreign countries averaged a little more than 5 cents per pound (exclusive of duty) as against an average of 2 cents per pound in 1914, and the sums paid by the consumers for all sugar purchased during the year will approximate \$1,000,000,000 as against a

little more than one-third of that sum in the year prior to the war. About one-fourth of the nearly 9,000,000,000 pounds of sugar consumed in the United States in the fiscal year 1919 was, according to the bank's statement, produced in the United States, another one-fourth was produced in our islands and the remainder drawn from foreign countries, chiefly Cuba. About three-fourths of the quantity produced in our own fields was from beets, and only one-fourth from cane, while all of that brought in from our islands or from foreign countries was produced from cane. The average import price paid for the raw sugar coming from Cuba was 5.04 cents per pound (exclusive of tariff) as against 2 cents per pound in 1914; the average price paid for that entering the country from Hawaii in the fiscal year 1919 was 6.1 cents per pound and from Porto Rico 6.8 cents per pound, these figures being in all cases those of the raw product, which is refined in the United States before entering consumption.

The above figures, says the bank's statement, are necessarily in very general terms. The exact figures of consumption, basing the aggregate upon production at home, quantities brought from our islands, imports from foreign countries, minus the quantity exported after refinement, was 3,850,000,000 pounds; the import value, exclusive of duties, \$435,000,000, and the quantity exported in the refined state 1,115,000,000 pounds, and in the unrefined state about 3,000,000 pounds.

**Foreigners—Good and Bad.**

In this country we have millions of foreigners—English, French, German, Austrian, Italian, Belgian, Swedish, Norwegian, Greek, Turkish, Japanese, Chinese, and of every other nationality. The great majority of these foreigners are conscientious and law abiding citizens. They work.

There is also in this country another class of foreigners. They constitute the minority. They are not law abiding and they are not citizens.

They Agitate. And because of the wild eyed bolshevistic vapors of these anarchistic wind jammers and destroyers our country of late has been in a constant state of turmoil.

This continual unrest and uncertainty are enfeebling production, undermining efficiency and alienating the loyalty of many good men.

It must cease. Labor and capital must get together on a sane and reasonable working basis, where the division of profits will be fair to both sides. But this will never be accomplished by allowing a braying minority to usurp the authority which belongs to a sane majority.

Men of intelligence and integrity do not care to take orders from illiterate and irresponsible foreigners whose only claims to leadership are a misguided conscience and a pair of leather hugs.

Brains, not noise, must prevail if we are to live in peace and plenty in this country.

That "flying parson" has one great advantage over his fellows. He knows how to pray when a squall rocks the boat.

This life contains many a humanized diamond in the rough, and, likewise, many a highly polished piece of glass.

Man works eight hours and calls it a day. His wife works day and night and is never through. Call a strike!

"Curbing the profiteers" is the great national joke—but a joke devoid of mirth.

Don't whip your wife. If you feel that some one must take a licking, let her punch you. It's better to be a martyr than a beast.

**SUSPENDS CANTON MAYOR.**

(By United Press.)  
Columbus, Ohio, Oct. 28.—Governor Cox today suspended Mayor Poorman of Canton, following a hearing on the steel strike riots in that city. Cox threatened Poorman with suspension Saturday when the Ohio national guard was ordered mobilized. It was alleged that Poorman did not exercise sufficient restrictive measures.

**GOES TO 12TH DISTRICT TO DISCUSS CAMPAIGN**

Fred Van Nuys, Chairman of Democratic Committee, Discusses Organization With Leaders

**MEET IS FIRST OF A SERIES**

Fort Wayne, Oct. 28.—Fred Van Nuys, chairman of the state democratic committee, was to come to Fort Wayne today to discuss the approaching campaign with leaders of the twelfth district. Forms of organizations and other detail work will be decided upon.

The meeting here today is the first of a series of district meetings throughout the state. The same subjects considered here today will be taken up at subsequent meetings, except as modified by conditions in each district.

There was to be no speaking at the meeting today, which was behind closed doors. Those attending besides Van Nuys were the secretary of the women's committee, the women and men county and district chairmen and secretaries. This same line-up will attend all the meetings.

Following are the meetings arranged after today: Thirteenth district, South Bend, October 29; Eleventh district, Logansport, Oct. 30; Tenth district, Kentland, Oct. 31; Eighth district, Muncie, Nov. 4; Ninth district, Lebanon, Nov. 5; Sixth district, Newcastle, Nov. 6; Fourth district, North Vernon, Nov. 7; Fifth district, Terre Haute, Nov. 11; Second district, Linton, Nov. 12; First district, Evansville, Nov. 13; and Third district, New Albany, Nov. 14.

The music of "Hail Columbia" was written as a march, and went first by the name of "Washington's March."

## CARTHAGE WILL PLAY HERE THURSDAY NIGHT

High School Basketball Team Has  
Visions of Winning, Based on  
Comparative Scores

### ALIBI FOR MILROY DEFEAT

The high school basketball team will play the Carthage team here Thursday night, and from all indications a big crowd of rooters will be on hand from both places, as Carthage has an idea they can beat Rushville, since they have handed Morristown a defeat, and Morristown in turn beat Rushville. The game is being played Thursday instead of Friday, because of the State Teachers' Association which meets in Indianapolis Friday and Saturday, there being no school here Friday.

Last Friday Carthage was defeated by Milroy, but claims the defeat was due to their star forward being unable to play because of an injured foot. He will be in the game Thursday, Rushville showed up exceedingly well last Friday when they defeated Sandusky, and expect to give Carthage a worse defeat than Milroy did. The second teams from both schools will also play, their game being called at 7:30, and the other game following soon after.

### AMUSEMENTS

#### Tense Moments in "Secret Service"

There are many tense situations in "Secret Service," directed by Hugh Ford, with Major Robert Warwick in the role created by the author, William Gillette, and which will be seen at the Princess theatre tonight.

Among these, perhaps the most striking is that wherein the two brothers, Lewis and Henry Dumont, meet in the Varney home in Richmond during the siege of that city by the Federal forces in the most stressful period of the Civil War.

Lewis is on secret service, arranging to send a message to the Confederate commander which will result in laying Richmond open to easy capture by the Northern troops. Henry gains the information he needs and allows himself to be captured by the rebels.

He escapes and gets to the Varney home. The escape has been permitted by a Secret Service man who suspects the two are brothers and spies. He thinks they will betray one another. But they are too shrewd. Henry whispers to Lewis to

shoot him. He refuses. Henry shoots himself to make it appear Lewis did so in capturing him. Thus the plan is saved but Henry pays the forfeit.

This is only one of many similar situations which abound in this striking drama. A wonderful cast has been selected, the leading woman being Wanda Hawley.

#### Story of the Gold Rush

A tough dance hall during a gold rush figures largely in the new World Picture, "The Devil's Trail," starring Betty Compson and George Larkin which will be shown today at the Mystic theatre.

A lot of things happen in this dance hall. A girl, young, pretty, innocent, is kidnapped by one of the proprietors, is made to don the shameless garb of the hardened women who are always found at such a place and is then dragged to the top of a liquor soaked table where she is offered at auction to the highest bidder among the ruffians gathered clamoring there!

Upstairs the girl's stalwart young lover has been bound so that he can't possibly get loose.

What happens next provides plenty of thrills for those who are looking for such things in pictures.

Bessie Love will be seen tomorrow in "A Yankee Princess" and Roscoe Arbuckle and Mabel Norman will play side by side in "Fatty's Bubble Trick."

#### ASSAULTED WIFE, CHARGE

Mrs. Herbert Gilson said today that the charge filed against Fred Kuecht, who was released on bond yesterday, was not for assault and battery on her, but on his wife, who is Mrs. Gilbert's daughter. Because Mrs. Gilson signed the affidavit it was understood the alleged assault was made on Kuecht's mother-in-law.

The following marriage licenses have been issued by county clerk. Loren Martin; Franklin Keith of this county and Doris Walker, daughter of Mr. and Mrs. Claude Walker, northwest of Rushville; Fred O. Gurley, a farmer of Hancock county and Nell L. Gilbert, a telephone operator of Carthage.

Violent circular currents make navigation in the Bay of Biscay difficult.

**Refreshing flavor and fragrance and unusual mellow-mildness make Camel Cigarettes instantly and permanently likable!**

Camels are sold everywhere in scientific, sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

**18 cents a package**

**CAMELS** are a cigarette revelation! They are a smoke delight! They answer the cigarette question as it has never before been answered. Your taste will prove that!

Camels are an expert blend of choice Turkish and choice Domestic tobaccos which you will greatly prefer to either kind of tobacco smoked straight. Your test proves that!

This expert blend brings out Camels' wonderful cigarette qualities. It eliminates any unpleasant cigarette aftertaste or any unpleasant cigarette odor! It also makes possible Camels' enticing mildness while retaining the full "body" of the tobaccos.

No matter how much you like Camels and how liberally you smoke them, **they will not tire your taste!**

For your own satisfaction compare Camels with any cigarette in the world at any price!

## Bad Sickness Caused by Acid-Stomach

If people only realized the health-destroying power of an acid-stomach—of the many kinds of sickness and misery it causes—of the lives it literally wrecks—they would stand against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid-stomach—palms of indigestion; distressing, painful heart, sour, gassy stomach; belching, flatulence, heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver, sometimes even cancer of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if it isn't acid-stomach that is the cause of your ill health. Take EATONIC, the modern, scientific stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloating, belching, and heartburn that indicate acid-stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvelously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

## Room for One More

Our plant was greatly taxed this week with overcoats and heavy suits. With the first signs of cold weather, a rush is made by the people to have us get into shape for them their last winter's clothing. Even though we were hard put to it, we kept our promises and delivered the finished goods on time.

## Now is the time

To have your garments of heavier material made ready for the cold weather. We always find room for one more, and guarantee absolute satisfaction. Our altering and repair department is at your service. Submit your garment and our tailor will tell you the cost of repairing it.

SATISFACTION IS NOT A HOBBY WITH US—  
BUT A KNOWN FACT.

### Railroad Man Gives Good Advice.

"Several years ago I was under treatment of a stomach specialist for 5 months, 3 weeks of which were spent in a hospital. Another stomach specialist told me I had gall stones and that an operation was necessary. I did not want to have this. I lost 45 lbs. in weight. Talking with a brakenman one day he told me of Mayr's Wonderful Remedy and since taking it I have gained 16 lbs. and am feeling fine. I am advising others to try it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere. Adv.

Mr. and Mrs. Claude Walker, and Franklin Leo Keith, son of Franklin W. Keith, both living northwest of the city, were quietly married Saturday afternoon at the Main Street Christian parsonage, the Rev. L. E. Brown performing the ceremony. They will reside on a farm northwest of the city.

\* \* \*

Ten members of the Coterie were entertained at the home of Mrs. Raymond C. Hargrove yesterday afternoon at her home in West Seventh street. The subject for discussion was "Faces, Reveal the Character of Men." During the social hours a guessing contest was enjoyed. Refreshments were served by the hostess at the close of the afternoon.

\* \* \*

Mrs. Roy E. Harrold was hostess for the members of the Tri Kappa Sorority last evening at her home in North Perkins street. At the meeting plans were discussed to make money for the county board of children's guardians. A benefit card party was planned for the near future, but no definite date has been decided upon. Following the business meeting a penny supper was served. Mrs. Forrest Remsburg, of Tola, Kansas, was a guest of the sorority last evening. The club will meet in two weeks with Mrs. Earl Moore at her home in North Harrison street.

\* \* \*

A wedding of interest to many friends in this city took place Saturday evening at 5:30 o'clock at the home of Mr. and Mrs. William Nading of Shelbyville when their daughter, Miss Mildred Nading, became the bride of Cyril Y. Bowers of Dayton, Ohio. Only the immediate friends and relatives were present for the ceremony. Following the wedding supper the young couple left for Denver, Colo., and other points in the west. Upon their re-

## Exclusiveness

In our Suits wins every woman's admiration

WOMEN who view our collection of Tailored Suits for Fall will realize that there never has been a time when the range of styles was more varied nor a wider latitude allowed in the selection of fabrics.

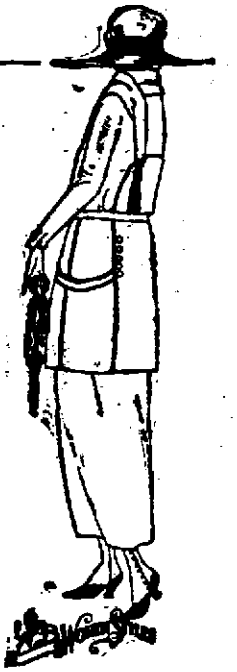

The showing is complete; we are more than proud of it; we unhesitatingly invite comparison with any other line in the city; we can vouch for the fact that there are no newer styles than these found here.

Suits for street wear—for dress wear—for general utility wear—for business wear. Whatever the occasion, you'll find a pleasing choice here.

turn they will make their home at Cornell Grove, Kansas. Miss Nading was well known in this city, having visited here on a number of occasions.

\* \* \*

Claude Krammes was delightfully surprised at his home south of Orange Sunday by a number of his friends and relatives, the occasion being in honor of his birthday. The guests were Mr. and Mrs. Albert Krammes, Mr. and Mrs. James Johnson and son Virgil, and daughter Vera, all of south of Orange, Mr. and Mrs. Alden Johnson of south of Rushville, Mr. and Mrs. Ernest Pattison and Mr. and Mrs. Lawrence A. Krammes and daughter Marjorie, all of Gowdy; Mr. and Mrs. John Newkam and son Richard and Harry Kirkham of Mays, Russell Wilson and Miss Hazel Wilson of Newcastle. At noon a pitch-in dinner was served and the remainder of the day was spent socially with music and games.

\* \* \*

A pretty home wedding was solemnized this morning at 8:30 o'clock at the home of Rev. and Mrs. W. F. Schrontz in Orange, when their daughter, Miss Margaret Schrontz, became the bride of Noland Siel of Grayville, Illinois. The home was beautifully decorated with a color scheme of yellow and white, yellow and white roses and chrysanthemums being used for the decorations. The bride looked beautiful in a blue velvet traveling suit and carried a shower bouquet of bride's roses. The only attendants were the two ring bearers, Gwendolyn Ewing of Hart, Michigan, and Paul Reed Henry, each carrying small French baskets of roses, in which the rings were concealed. Preceding the ceremony Miss Gertrude McDonough of Washington, Pa., sang "At Dawning" and "Still of the Night." The bride's father, the Rev. W. F. Schrontz, performed the ceremony, the double ring service being used. Immediately following the ceremony a prettily appointed wedding breakfast was served, the same color scheme of yellow and white in the repast. Only the immediate relatives and friends of the bride and bridegroom were present.

The young couple left this morning for St. Louis, Mo., on a short wedding trip after which they will

be at home to their friends in Grayville, Ill., where Mr. Siel is editor of one of the Grayville daily papers.

**\$5,000 DAMAGE SUIT IS STARTED**

Continued from Page One

with prostitution, gave bond yesterday afternoon, in the sum of \$50, and was released from jail. She pleaded not guilty when first arraigned, and will now await trial.

The case of Emily Rigsbee against James Miller for appointment of a guardian, was heard yesterday in court, and Judge Sparks decided in favor of the plaintiff, stating that Miller was not capable of managing his own affairs because of infirmity and old age. Albert W. Rigsbee was appointed as guardian and his bond placed at \$5000.

The case which was continued over from several weeks ago, of A. R. Herkless against C. L. Henry, was concluded yesterday before Judge Craig, special judge in the case. The evidence and arguments were given, and Judge Craig took the case under advisement, and will make known his decision in a few days.

A divorce was granted upon payment of the costs, to William E. Newsom from Cathleen Newsom. Mrs. Newsom did not appear in court. Both are well known colored people and live in Carthage.

A suit on a complaint filed by Rosa Alter Green against Lewis Scharman and Bernard Scharman, was granted a change of venue to Henry county, ten days being given to perfect the change. It was filed here some time ago, and the plaintiff is asking for some farming land, which she claims is due her from her grand-father's estate. Mrs. Green lives in that part of Rush county, and the land involved is also located in that part of the county. The defendants are residents of Henry county.

A case which has been pending in circuit court as well as having gone through the supreme court, was definitely decided upon yesterday by Judge Craig when he sustained the demurrer filed by the City of Rushville, and held that they were in no way responsible for any damage, which might have befallen A. R. Herkless of this city.

It was the case of Herkless against the City of Rushville and the Julius Keller Construction company, and related to the Oliver street improvement. It was filed in 1913, taken to Connersville by change of venue, appealed to the supreme court, and then re-taken to the circuit court in Decatur county. Judge Craig, when here yesterday, returned his decision in the case, sustaining the demurrer filed by the defendants.

A marriage license was issued today to Harley Spacey of New Salem and Myrtle Jones, daughter of Lewis Jones, also of that vicinity.

Thousands of Cases of Dyspepsia—

BUT ONLY ONE

PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEP-SINCO fail. But why not consider the recommendation of thousands of people who have used PEP-SINCO, on the basis of their belief in it. Try it yourself; we are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEP-SINCO to-day.

Ask your druggist—he sells and recommends—Pepsinco.

For Sale House and Lot

5 room house at 820 West Eighth Street. House in excellent condition, recently painted. Lot 41 1/4 x 219, nicely graded, cement walks, city water in house. Good coal house. Improved street and sidewalks.

## National Legislation of the Meat Packing Industry

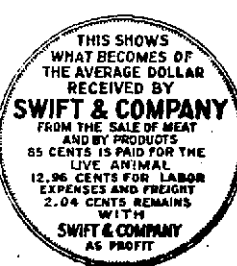

1. Will not increase the amount of meat you can buy for a dollar.
2. Will not raise more animals.
3. Will not produce more meat.
4. Will not stop fluctuations in live-stock receipts or prices.
5. Will not increase the output of the packing houses.
6. Will not prevent strikes.
7. Will not reduce transportation charges.
8. Will not reduce the retailer's cost of doing business.
9. Will not increase the demand for the cheaper cuts of meat.
10. Will not lessen the consumer's demand for expensive delivery and credit service.
11. Can not at the same time raise prices paid farmers for live stock, and lower prices paid by consumers for meat.

But the slowing up of efficiency due to cumbersome governmental routine will have the effect of increasing the manufacturing charges between the cost of live stock and the cost of meats, thus forcing lower live-stock prices or higher meat prices.

The packing industry as now conducted, is characterized by keen competition, highest efficiency, and unusually low profits.

### THE MAJORITY OF PEOPLE

just use bread as a filler. They do not eat bread that is made of poor flour because they like it, for as a matter of fact there is nothing to like. They do not dislike it, as it has no positive taste. Why not have bread that you will like, bread that tastes good, feels good and looks good—the kind that you really want—the kind you stick to when you are started.

USE HOME-BAKED BREAD, MADE FROM CLARK'S PURITY FLOUR AND YOU WILL HAVE THE BEST.

## 34 NATIONS AT THE WOMEN CONGRESS

Wages, Eight Hour Day and Betterment of Working Conditions Are Principal Subjects

### FIRST INTERNATIONAL MEET

Nearly 500 Delegates and Assistants Will Register Before Congress Closes

(By United Press.)

Washington, Oct. 28.—Wages, the 8-hour day and betterment of working conditions are the principal subjects scheduled for discussion at the world conference of womenworkers which opened here today under the formal title of the First International Congress of Working Women.

Womenworkers of 34 countries were invited to send delegates. Delegates from nearly all countries now are here overflowing hotels and private homes in which many are guests. Others will arrive before the week ends, officials said.

Among the countries whose women workers sent delegates are Great Britain, Canada, France, Belgium, Italy, Switzerland, Poland and Czechoslovakia, Argentina and Uruguay. Each was entitled to 10 delegates and no limit was put on the number of secretaries and assistants.

Nearly 500 delegates and assistants will register before the congress close, it is predicted.

Among the delegates representing the United States is Mrs. Raymond Robins of Chicago, president of the National Women's Trade Union League of America, which called the congress to meet in conjunction with the International Labor conference scheduled to open tomorrow.

All subjects to be put before the International Labor Conference will also be introduced in the women's congress, according to Mrs. Robins.

Arrangements for the women's congress were made by the International committee of the National Women's Trade Union League which committee includes Mrs. Robins, Miss Mary Anderson, director of the woman's bureau of the U. S. Labor Department, Miss Agnes Nestor of Chicago, Miss Rose Schneidermann of New York and Miss Julie O'Connor, head of the women's section of the National Electrical Workers' Union.

### FRENCH DESTROYER TO AID.

(By United Press.)

London, Oct. 28.—French destroyers at the mouth of the Dvina, have been ordered by Paris to assist the British warships in attacking the forces of Colonel Bermond, a Riga dispatch reported today. Bermond, as leader of the Russo-German forces on the western front, has been bombarding Riga as a part of the campaign against Letts.

### For Liver and Bowels Dr. Carter's K & B Tea

A Mild, Gentle Vegetable Laxative and Healthful Drink

You can keep the whole family in good health if you will brew a cup of vegetable tea every other night and have them drink it just before going to bed.

For very little money you can get a package of Dr. Carter's K & B Tea, and after you and the dear ones have used it for a week you'll say it's the finest, gentlest and most complete tonic laxative you ever ran across.

For stomach, liver and bowels and to purify the blood, nothing is more reliable. Give it to the little ones when they get feverish and can't eat. They like it and it does them lots of good.—(Adv.)

A man's best pal is his smoke

"Let's do the darn job together"

—Ches. Field

WHY is it that more and more smokers (millions now) are getting together with Chesterfields?

First of all, fine tobaccos. Our own buyers in the Orient send us the pick of the finest Turkish varieties (Xanthi, Cavalla, Smyrna and Samsoun). We blend these by a secret method with specially choice Domestic leaf.

This method brings out new qualities of flavor—a smoothness, a richness, a mellowness that go right to the spot. That's the reason Chesterfields satisfy.

And remember—"Satisfy" is Chesterfield's secret, based on our own private formula, which cannot be copied.

Every package has a moisture-proof wrapping—another reason for Chesterfield's unchanging quality of flavor.

## CIGARETTES

They Satisfy

—and the blend can't be copied

## WORD RECEIVED BY AVIATORS, MOTHERS

Cecil Connolly and Fred Waterhouse, Lost American Fliers, Write of Their Sufferings.

### EXCEPT THE FINAL CHAPTER

San Diego, California, Oct. 28.—From Lieut. Cecil Connolly and Frederick Waterhouse, aviators, lost in Mexico, stating that they were dying from hunger and thirst a statement was received yesterday by their mothers, of their conditions.

They told of the last chapter but one in the tragic death of the two men who were on their way from Urua to San Diego, California on August 31. The final act was performed by two Mexican fishermen who murdered the aviators. The last message received told of the great suffering of the two aviators. Connolly wrote as follows "Dearest Mother: my time has come. God's knows well enough I have tried to forget my fate. What I have is yours. I have tried to live a good life and I do not fear death. Please do not wear mourning for me. God's blessing to all. Your son, Connolly".

Waterhouses' message stated: "Dearest Mother: We have been here now ten days. No sight of any help and our water nearly gone and thus will write you my last message. I told you not to grieve for me. I want you to have everything, which is not much. Give my love to sis and dad. Your loving son, Frederick".
